2018 SCHOOLS CUP INSTRUCTIONS

Applying for Access

The nomination system for Volleyball Queensland's Schools Cup tournaments requires unique login details for each school. The username and password provided may remain the same for subsequent tournaments however, access is restricted at the conclusion of each tournament. As a result, it is necessary to repeat this process for each Schools Cup tournament.

1. Visit the relevant Schools Cup page on the Volleyball QLD website: www.vq.org.au
2. Click on the first hyperlink in Step 1 under the heading, "Nominating a team for Intermediate Schools Cup". This will open a new window.
3. Provide the information requested, ensuring that the information is accurate. For example, please take special care, not to write *your name* in the field that asks for the *school name*. Please also ensure that the accounts information provided is for an employee in the accounts department, not a repetition of your details.
4. Click "submit".

Once this form has been submitted, a username and password will be emailed to the primary and secondary (if applicable) contacts provided in the application form. It may take up to 48 hours for the username and password to be delivered. With this in mind, apply with plenty of time to nominate. Your patience with this process is appreciated.

Online Nomination System

To access:

1. Click on the above link provided in Step 2 under the heading "Nominating a team for Intermediate Schools Cup". This will open a new window.
2. Login by entering your username and password in the fields provided. Make sure the "Event" showing is "State".
3. Click "login".

You are now in the Schools Cup Online System. To exit the system, close the tab/window. There is no logout button.

Entering Team Lists (typically not available when nominations open)

1. After gaining access (see above)
2. Click on the hyperlink “Edit Player Lists”. This will take you to the new page which is called “Current Players”. There are instructions on the left-hand side of the page to guide you through this process. More general information can be found below:
 - Each nominated team must have all players listed in the “Current Players” section of the nomination system.
 - The athletes listed on the “Current Players” page should be limited to those participating in the tournament.
 - There are three sub-pages to this section: “Current Players”, “Add More Players”, and “Archived Player List”. All three pages have instructions.
 - The “Current Players” and “Archived Player List” pages have a filtering system where you can restrict which athletes are displayed.
 - The “Archived Player List” holds a record of athletes from previous years.
 - If you want to move a player from the “Archived Player List”, uncheck the “Archived” box on the right-side, click “Submit” and they will be moved to the “Current Player” list.
 - Equally, if you want to remove someone from the “Current Player” list you can archive them by checking the “Archive” box on the right-hand side and clicking “Submit”.
 - The “Add New Players” page is restricted to athletes who cannot be found on the archived or current lists.
 - For new players, their surname, given name, gender, and date of birth are all mandatory fields. Only provide the membership number if this is known.
 - For “Current Players” select their membership category using the dropdown box. Recreational membership is sufficient for QLD Schools Cup tournaments.
 - Once an athlete has been added to a player list, they are assigned a unique Player ID. This number is linked to the VQ membership database and therefore has serious implications if attempts are made to change the athletes name linked to this data.
 - Use the “VQISC Team” column to assign each athlete in the “Current Players List” to a nominated team. If this is not done, they will not appear on the scoresheet or the talent ID scouting sheets.
 - The “Current Players” page has an excellent filter system to help you organise multiple teams easily.
 - Don’t forget to click “Submit” after each change.
3. Once you have completed your team lists, return to the main page by clicking the hyperlink, “Back To Menu”, located in the top left corner.
4. In the dropdown box labelled “Status”, select the most appropriate option for your school. Click “Submit”.
