

This policy was endorsed by Volleyball Queensland's Board of Management ("Board") on 3 September 2018.

Policy Name

Junior State Teams – Multiple Sibling Discount Policy ("MSD")

Objective

To provide modest tangible financial support to families in recognition of the additional financial burden of two or more children participating in the same national championship tournament representing Queensland.

Athlete Eligibility

Any athlete who continues to be a member of the travelling team four weeks prior to the tournament (or joins it nearer) is eligible for financial support under this policy, subject to the following standard conditions:-

1. Current "U/19 Full" financial member of Volleyball Queensland
2. No outstanding or unpaid accounts with VQ or any of its affiliated clubs/associations
3. No current disciplinary restrictions with VQ or any of its affiliated clubs/associations

Multiple Sibling Discount

The Board will administer a "Multiple Sibling Discount" for each junior state team program competing simultaneously at a national championship tournament. The MSD will comprise a 10% reduction/offset against the final instalment of the respective "Competition Levy" for all participating family members.

Siblings are not required to have the same surname or live at the same address. This discount will be applied evenly to each sibling's individual invoice.

Funding Process

All eligible siblings will be identified by VQ staff. If there are unique family circumstances, parents/guardians are encouraged to contact VQ staff to clarify eligibility. Each eligible athlete's parent/guardian will be advised in writing of their eligibility along with an adjusted invoice reflecting this MSD value being deducted via amended invoice prior to the published payment date for the final instalment of the respective "Competition Levy". No details of the MSD Policy payments will be published by VQ.
