(9.3.2): Selection of the T8 Selected Sixth

Affiliates must select one (1) player from the *T8 Subset*; this player (*T8 Selected Sixth*) is ineligible to play in any other Division except that in which they appear on the Top 8 List or a team in a higher Division for the upcoming round.

9.4 **Tier 1 Restriction List**

The Tier 1 Restriction List is a list of eight (8) players from the Premier Division, and five (5) players from the Challenger Division for each Affiliate, that is determined solely on the cumulative court time of a player.

- Should a player appear on both lists for the Premier Division and the Challenger Division, the second instance of their name will be removed and replaced with the player below them in cumulative court time.
- Should an Affiliate only have a Challenger Division Team, only five (5) players will be listed in the Tier 1 Restriction List.
- The Tier 1 Restriction List will be established and published after Round 3, and will be updated after the completion of each round by Wednesday (11:59pm).

9.5 **Divisional Bracket**

A Divisional Bracket is a grouping of three (3) Divisions. A Divisional Bracket encompasses the Division in which a player is nominated (*Nominated Division*), the Division directly higher than the Division which a player is nominated (*Upper Division*), and the Division directly lower than the Division which a player is nominated (*Lower Division*).

10.0: Player Eligibilities and Nomination

10.1 **Player Nomination**

All players that participate in PVL must be nominated into a Division (Team) by Round 4.

(10.1.1): Nomination of Players

Players will automatically be assigned to a team based on the team they have been assigned to on Affiliates Online after Round 3. Affiliates are to ensure that a player is nominated only for one (1) team after the conclusion of Round 3 (by Wednesday 12:00pm following Round 3).

- Should a player be nominated to more than one (1) team, the player will automatically be assigned to the higher division.

Volleyball Queensland

Premier Volleyball League

Competition Regulations

- Should Affiliates wish to amend this assignment prior to the start of Round 4, an administrative penalty will be assigned (see fine schedule).

(10.1.2): Nomination of Players After Round 3/4

Players that take court after Round 3 will automatically be assigned to the team in the highest division they participated in during the round they played.

- There is no “adjustment” period for Affiliates to determine where a player should be assigned.

(10.1.3): Reallocation of Player into a Higher Division

If an Affiliate wishes to move a player to a higher division than the tier they are currently nominated in, Affiliates must submit a *Player Reallocation Request Form*. This request can be applied for an unlimited number of times per athlete.

(10.1.4): Reallocation of Player into a Lower Division

If an Affiliate wishes to move a player to a lower team than the division they are currently nominated in, Affiliates must submit a *Player Reallocation Request Form*. This can only be submitted once (1) per player during the season and the reasoning must be justified as to why that movement needs to occur.

There are three (3) reasons to this request will be approved:

- The player has had an injury after their selection into a team and can no longer play at the level required of that division or bracket.
- The player has been incorrectly assigned to a team that is beyond their capabilities, and it would be detrimental to their development as a player (and/or team). This movement must be requested before the start of Round 5.
- An exceptional situation outside of the scenarios written. This movement must be justified by the Affiliate, and the decision will be made by the Control Committee.

Once the request for a player to be moved to a lower division has been approved, that player may only play for the teams within their Divisional Bracket. They will no longer be eligible to play into a higher Tier and will not be eligible to be reallocated for the remainder of the competition season.

A player that appears on the Top 8 List or Tier 1 Restriction List is not eligible to move to a lower division.

10.2 Three Round Adjustment Period

In the first three (3) rounds of PVL, a player may participate in an unlimited number of matches across the competition (with exception to Youth Tier and Clause 5.3.2), so long as they are not restricted by Clause 9.2 and its subclauses.

10.3 Player Eligibility – General

- A player may play for a maximum of two (2) teams within their tier and a maximum of one (1) team outside of their tier per round.
- Where an Affiliate has multiple teams within the same division, a player may only play for one (1) of the teams in that division for the entirety of the season.

(10.3.2): Playing in Multiple Teams per Round (Libero)

(10.3.4): Appearing on the Tier 1 Restriction List

A player that is currently on the Tier 1 Restriction List is ineligible to play for any other team outside of Tier 1.

- If a player that is nominated for a team in Tier 2 appears on the Tier 1 Restriction List, the Affiliate will be asked if they would like to reallocate the player up to a team in Tier 1 or show cause as to why the player should be able to continue in their nominated team in Tier 2.
- Should the Affiliate choose to reallocate the player to the higher division, the player will retain their position on the Tier 1 Restriction List.
- Should the Affiliate choose not to reallocate the player and justify their appearances, the player will be temporarily removed from the Tier 1 Restriction List. If their next appearance in Tier 1 causes them to reappear on the Tier 1 Restriction List, they will automatically be reallocated into the higher division.

Player Eligibility – Tier 1 Restrictions

(10.4.1): Top 8 List – Queensland Pirates List

Any player that is included in the Queensland Pirates List will automatically be listed on the Top 8 List for the Affiliate's highest team as soon as they have taken court, regardless of cumulative match time.

APPENDIX B – 12 Substitution Rule

- a) A team shall be allowed a maximum of twelve (12) substitutions in any one set. Players starting a set may be replaced by a substitute and may subsequently re-enter the set twice. Each substitute may enter the set three times. A player shall not enter the set for a fourth time (starting shall count as an entry). Players re-entering the set must assume the original position in the service order in relation to other teammates. No change may be made in a player's position in the service order unless necessitated by an injury requiring an abnormal substitution under the provisions of paragraph b) below. Any number of players may enter the set in each position in the service order.
- b) If through any injury a player is unable to play and substitution cannot be legally made the team is entitled to make an EXCEPTIONAL substitution beyond the limits of paragraph (a).
(This means that ANY player on the bench may replace the injured player)
- c) If through injury or accident a player is unable to play and substitution cannot be made under the provisions of paragraph a) or b), the first referee may grant a special time-out under the provisions of the rules of the game.
- d) If a team becomes incomplete through expulsion of a player and substitution cannot be made under the provisions of paragraph a) above, the team loses the set by default, keeping the points acquired. If a team becomes incomplete through disqualification of a player and substitution cannot be made under the provisions of paragraph a) above, the team loses the match by default, keeping the sets and points acquired.

Example

The following diagram illustrates how substitutions are recorded on the scoresheet.

I		II		III		IV		V		VI	
10		4		11		2		1		7	
6	3					5					
10						2					
9						5					
8						□					
⑩						□					
8											

In the example shown above, the starting line-up is 10, 4, 11, 2, 1 and 7. This means that these players made their first entry for the set. The coach then substitutes into position one (I) players numbered 6, 9, 8 and 3. Number 10 has made three (3) entries and is not permitted any more entries for the set. The same can be said for players number 2 and 5 in position four (IV).

The players numbered 10, 6, 9, 8 and 3, must remain in position one (I) and none of them can be used to substitute into another position in this set. For example, player 8 has only appeared twice so far and can therefore make another appearance on court but only in position one (I) and only if no more than twelve substitutions are used per set. In the example shown above, all twelve substitutions have been used.

The scorer recording the substitutions will use the left side column first for each position and when the left is full use the right side column. There is no requirement to record the score at the time of each substitution. The Scorer reports the 11th and 12th substitutions of the team and the third court entry of a player to the second referee who then indicates to the coach concerned and First Referee in that order.

APPENDIX J – Affiliate Player Offers

Since 2025, Affiliates are required to ensure that all their offers to potential players are due by a certain date. These dates are known as 'major offer deadlines'.

There are two Major Offer Deadlines in the 2026 Season:

- Major Offer Deadline 1: Friday, 5th March 2026 (11:59pm)
- Major Offer Deadline 2: Friday, 12th March 2026 (11:59pm)

Major Offer Deadline 1 – 5th March 2026

Affiliates are required to ensure that all their 'first offers' are both sent out before this date, and that players are to respond before this date.

- Affiliates may choose to set a deadline prior to the VQ Mandated Deadline
- All players who wish to participate in PVL must make their intentions clear to all Affiliates who have offered them a position. (Affiliates are to assume that if player intentions have not been given to an Affiliate to assume that the response is reject).
- *It is recommended that Affiliates create a clause in their acceptance that the athlete is financial liable for a state sum of club fees should they choose to withdraw after this point forwards.*

7 Day Recruitment Process

After Major Offer Deadline 1 has past, Affiliates have seven (7) days to recruit any additional players that have not already accepted their offers to another Affiliate.

Major Offer Deadline 2 – 12th March 2026

Affiliates are required to ensure that all their 'final offers' are both sent out before this date, and that players are to respond before this date.

- Affiliates may choose to set a deadline prior to the VQ Mandated Deadline
- All players who wish to participate in PVL must make their intentions clear to all Affiliates who have offered them a position. (Affiliates are to assume that if player intentions have not been given to an Affiliate to assume that the response is **reject**).

Offers Made After Major Offer Deadline 2

Affiliates may only make an offer to a player after major offer deadline 2 if:

1. The player in question has not accepted any offers to another Affiliate
2. The player in question is contractually released by the Affiliate to which they have already accepted an offer from.

Purpose and Enforcement of Major Offer Deadlines

The purpose of the Major Offer Deadlines is to aid Affiliates in determining the intention of players who have trial across multiple Affiliates. By setting a hard deadline on player intention, Affiliates can be more certain of their actual movements.

In order for the Offer Deadlines to work, all Affiliates **must act in Good Faith**. Volleyball Queensland however will enforce deadlines via mediation and arbitration. Should an Affiliate or Player be able to
